

## JOB OPENING

### Technical Support & Trainer, DACH-Region

**We're excited to welcome a new team member to our growing international organization.**

OPTEX Entrance EMEA, also known as OPTEX Technologies B.V. with offices in the Netherlands (HQ), Germany, Spain and Italy, is a subsidiary of OPTEX Co. Ltd, Japan. More about [OPTEX](#).

#### **The Job Opening**

Our search goes out to a **Technical Support / Trainer** for the Entrance Detection Division to support our customers across the D-A-CH region (Germany, Austria, Switzerland). This is a full-time remote position based on your home office.

#### **What we're looking for:**

- Background in mechatronics or technical systems
- Experience in B2B technical support
- Bonus: knowledge of automatic doors or sensor systems
- Strong communication skills in German and English
- Willingness to travel and work independently

#### **Your role will include:**

- Providing technical support and advice
- Delivering training sessions (on-site and online)
- Supporting customers and partners with new projects and proof-of-concept initiatives.

#### **What we offer:**

- A dynamic and informal work environment
- Modern equipment and a company car
- Training opportunities and room for your ideas
- Permanent contract under German employment law
- Competitive salary and benefits

If you're ready for a new challenge and want to be part of a professional, passionate team with global impact, we'd love to hear from you!

#### **Send your application (incl. salary expectations and earliest start date) to:**
