VERIFIED SOLUTION

Summary of Verification

Optex provided a remote desktop session to Milestone where the Optex Redscan Laser Detector with XProtect® 2018 R3 was verified to work.

All products are verified by Milestone Engineers. Optex provided Milestone with the following for the verification process:

- Registration procedure documentation
- Screenshots and videos showing the integration setup
- Documentation describing the features and benefits of the Optex integration with XProtect®

Conclusion

Optex Redscan is a proven Laser Detector solution that works seamlessly together with Milestone XProtect®. The Optex Redscan solution together with XProtect® makes for more effective security.

About the Milestone Verification Program

The Milestone Verification Program is intended to verify the general functionality and compatibility of the partner's solution/product with the Milestone XProtect® video management software (VMS).

The technical setup, configuration, testing and operations are done by the partner and verified by Milestone.

Benefits:
- Milestone endorsement of the solution/product ensures you are choosing a solution that has been checked and verified to be working with Milestone XProtect
- Verification of your solution/product being interoperable and/or optimised for XProtect video management software (VMS)
- Differentiation from non-verified solutions/products, providing a competitive advantage
